

ND DEMST would like to invite you to a state-wide informational video conference regarding the **North Dakota Rural EMS Assistance Fund Grant** that is scheduled for tonight, **Thursday April 25, 2013 at 7p.m.** If you or any of your personnel wish to participate in this event you can do so in 3 ways:

1. Video conferencing:
 - a. If you have not already supplied your information, please email edtech@nd.gov with the IP address of your video conferencing site by 5p.m. today. Once you have supplied this information your site will be automatically connected by EPR staff.
2. On the internet:
 - a. Prior to the first time viewing a Health Department web cast, please check that your computer has the necessary software installed by following this link: <http://www.ndhealth.gov/webcasthtml/preflight> for a test.
 - b. Prior to the scheduled time follow the link <http://www.ndhealth.gov/WebcastHigh.aspx>. The feed normally starts within 15 minutes prior to the scheduled time.
3. By phone:
 - a. Dial 866.888.3385.

The agenda for this video conference will include a short overview presentation from DEMST staff followed by a period of Q&A from you, EMS personnel across the state.

Please review the previously distributed Grant Guidance and Application prior to this video conference and bring your questions and concerns.

This video will also be available on the DEMST website for future viewing soon after completion.

If you have questions prior to 5p.m. today, please call DEMST at 701.328.2388.

If you have questions or issues connecting to the video conference this evening, please call 1.866.716.1274.

If you are streaming the video on the internet tonight and have a question to ask, you may dial 866.888.3385 and use '* #' to be added to the queue. All phones will be muted by default until it is your turn to ask your question.

Please note that the webcast feed has a short delay, and so is approximately fifteen seconds behind the videoconference and phone line. If you are watching via webcast and use your phone to call in for Q&A, please monitor the audio on your phone instead of your computer so you're ready when it's your turn to ask your question.
